

REGISTRATION PROCESS STUDENT TEACHER

After logging in via EU login you can create the account on ESEP by selecting the role "Student Teacher" (in case you select any other role, you won't be able to register in eTwinning for future teachers).

Member type *

Student Teacher

1

At this step, you need to search and select your affiliated Initial Teacher Education institution.

Add ITEI / School placement to your profile

1. Student teacher information

Search by specifics (country + region + alternative region)

1.1. Initial Teacher Education Institution (ITEI)*

Country: Belgium Region: Communauté française Alternative region: Select region

Search organisation

Clear filters

Organisation name *

Please insert 3 or more characters...

Can't find your organisation or school? Please contact a colleague or professor to create it.

2

If you are already a student teacher in placement, or you are aware of the school that you will be hosted for your placement, then you would need to also add this information now.

Please take note that you would need to upload the Proof of placement AND send it to your National Support Organisation via email.

1.2. School placement

Search by specifics (country + region + alternative region)

Add school placement (optional)

Country: Belgium Region: Communauté française Alternative region: Select region

Search organisation

Clear filters

Proof of placement

Please send a PDF document which acts as proof of placement in your ITE to your NSO.

Proof of placement

Choose File No file chosen

One file only, 10 MB limit. Allowed types: pdf.

About your role in the organisation

Subject(s) of teaching

Optional if you completed "Vocational subject(s) of teaching"

Select one or more options

3

If your affiliated Initial Teacher Education institution is not listed, please contact your teacher educator.

4

Your National Support Organisation validates your registration.

At this stage you need to choose the pupils' age and subjects that you will be teaching in the future as a schoolteacher.

IMPORTANT INFO

1. you can connect with other student teachers and teacher educators (in future developments, any registered and validated member of eTwinning will be able to add any other member of eTwinning)
2. you can join and/or set up eTwinning projects with other teacher educators and/or student teachers. If you have also added a school placement during your registration, then you will also be able to join and/or set up eTwinning projects with school teachers.
3. you should ask your NSO to invite you to the [eTwinning Group for Student Teachers](#)
